

# Outdoor Metal Trash Receptacles

## MESH BODY OUTDOOR METAL WASTE RECEPTACLES

Designed for parks, offices, or city streets, **Mesh Body Outdoor Metal Waste Receptacles** feature a rugged expanded steel body reinforced with circular bands and lateral braces. Receptacles can endure extreme climate conditions and resist corrosion with a galvanized hot-dipped zinc finish. The **48 Gallon** trash containers are available in a galvanized, green or black finish.

H"	Dia."	Color	Model
33	23	Galvanized	237633
33	23	Green	237634GN
33	23	Black	237634BK

## OUTDOOR METAL SLATTED ACCESS DOOR RECEPTACLES

Fully welded **Outdoor Metal Slatted Access Door Receptacles** have a rugged galvanized steel body that is reinforced with circular bands and rolled edges. Models with access doors are padlockable to prevent unsolicited opening (locks sold separately) and provide easy access to the removable plastic liner that holds up to **36 Gallons**. Rain Cap Lids and or Dome Lids prevent rain or snow from entering container. Includes anchor kit, leveling feet and black plastic liner.
